Anhui Moon Technology Co., Ltd. Material Safety Data Sheet

Revision Date: 2022-04-20

Moon Tech Moon-310

Moon-310

Anhui Moon Technology Co., Ltd. Revision: 2.0

Material Safety Data Sheet-compiled with GB / T 16483(2008), GB / T 17519(2013)

1. PRODUCT AND COMPANY IDENTIFICATION

1.1 Name of substance/preparation

Commercial product name: Moon-310

Chemical name: N-[3-(trimethoxysilyl)propyl]butylamine

1.2 Use of substance/preparation

Improve the anti-ultraviolet and anti-yellowing properties of polyurethane sealant. To be used as a bonding accelerator or surface modifier.

1.3 Company information

Name of company : Anhui Moon Technologies Co., Ltd.
Address: Room 449, Building 3, Industrial Park, 1151 Yanan South Road,
Bengshan District, Anhui China
Telephone Number: (0552)2079969
Emergency Telephone Number: 0086 18154230550
Contact Person: Echo Wang

1.4 Revision date

2022.04.20

2. HAZARDS IDENTIFICATION

2.1 GHS classification

Physical hazard

No classification

Health hazards

Skin corrosion/irritation

Category 2

Serious damage/eye irritation

Category 1

Specific target organ toxicity - one exposure

Category 1

Environmental hazards

No classification

2.2 GHS label elements

Icon or hazard sign

Signal word

Danger

Hazard description

H315

Causes skin irritation

Material Safety Data Sheet

Revision Date: 2022-04-20

Moon Tech-M-310

H318

Causing severe eye damage

H370

Damage to organs

Precautionary statement

P210

Keep away from heat/sparks/open flames/hot surfaces. No smoking.

P261

Avoid breathing dust/fume/gas/mist/steam/spray

P302 + P352

Skin contact: Wash with plenty of soap and water

P240

Ground/connecting container and receiving equipment

P280

Wear protective gloves/protective clothing/eye protection/face protection

P301 + P312

If swallowed: If you feel unwell, call a detox center or see a doctor.

P302 + P352

If on skin: Rinse with plenty of soap and water.

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. If you can wear contact lenses and take them out easily, take out the contact lenses. Continue to rinse.

P312

If you feel unwell, call a detoxification center or doctor.

P321

Specific treatment (see first aid instructions provided on this label).

P330

Gargle.

P333 + P313

If skin irritation or rash occurs: Get medical advice/attention.

P337 + P313

If eye irritation persists: Get medical advice/attention.

P363

Wash contaminated clothing before reuse.

P391

Collect spills

2.3 Other effects

Chronic:

No data available

3. COMPOSITION/INFORMATION ON INGREDIENTS

3.1 Chemical characterization (substance)

Ingredients Name	CAS No.
N-[3-(trimethoxysilyl)propyl]butylamine	31024-56-3

3.2 Hazardous ingredients

Chemical name	CAS No.	Concentration
N-[3-(trimethoxysilyl)propyl]butylamine	31024-56-3	≥97.0%
Methyl alcohol	67-56-1	≤3%

4. FIRST AID MEASURES

4.1 General information

Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

4.2 After inhalation

Remove from exposure and move to fresh air immediately. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical aid if cough or other symptoms

Moon Tech-M-310

appear.

4.3 After contact with the skin

Remove/remove all contaminated clothing immediately. Wash gently with plenty of soap and water. If skin irritation or rash develops, see a doctor.

4.4 After contact with the eyes

Rinse carefully with water for a few minutes. Remove contact lenses if convenient and easy to operate. Keep cleaning. If you get eye irritation, you need to see a doctor.

4.5 After swallowing

If you feel unwell, call a detoxification center/doctor. Rinse your mouth.

4.6 Advice for the physician

Rescuers need to wear personal protective equipment, such as rubber gloves and airtight goggles.

5. FIRE FIGHTING MEASURES

5.1 Flash point

Flash point is about 110 °C (Test method: closed cup).

5.2 Suitable extinguishing media

On large fires use dry chemical or foam, On small fires use CO₂, dry chemical or, sand. Water can be used to cool fire exposed containers.

5.3 Specific hazards during fire fighting

Vapors are heavier than air and may travel to a source of ignition and flash back. Static electricity will accumulate and may ignite vapors. Prevent a possible fire hazard by bonding and grounding or inert gas purge.

5.4 Special protective equipment for fire fighting

Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool.

5.5 Additional advice

Self-contained breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals.

6. ACCIDENTAL RELEASE MEASURES

6.1 Personnel prevention, protective equipment and emergency procedures

Use personal protective equipment. Prevent inhalation of steam, mist or gas. Ensure adequate ventilation.

6.2 Environmental precautions

Under conditions that ensure safety, take measures to prevent further leakage or overflow. Do not allow product to enter the sewer.

Prevent emissions into the surrounding environment.

6.3 Methods and materials for containment and removal

Absorb with inert absorbent material and dispose of as hazardous waste. Store in a suitable closed processing container.

Moon Tech-M-310

7. HANDLING AND STORAGE

7.1 Operation

Precautions for safe operation

The product is best used in a ventilated place. Do not get into eyes. Avoid skin contact. Avoid breathing steam, mist, dust or fumes. Keep container tightly closed. Don't take it internally. Take off contaminated clothing immediately. Develop good industrial hygiene habits, must be washed before eating, drinking or smoking.

Prevent fire and explosion

Take good fire protection measures.

7.2 Storage

Store in a cool place. Keep container tightly closed and store in a dry and ventilated place.

Opened containers must be carefully resealed and kept upright to prevent leakage.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Exposure limits

Component	CAS No.	Exposure Limits
N-[3-(trimethoxysilyl)propyl]butylamine	31024-56-3	There are no known exposure limits set by the state.

8.2 Engineering control

8.2.1 Personal protection

Respiratory system protection: gas mask. According to local and government regulations.

Hand protection: protective gloves.

Eye protection: safety goggles. Wear masks if necessary.

Skin and body protection: protective clothing. If necessary, wear protective boots.

8.2.2 Environmental protection

Local ventilation Recommended

General ventilation Recommended

9. PHYSICAL AND CHEMICAL PROPERTIES

Anhui Moon Technology Co.,Ltd.

Material Safety Data Sheet

Revision Date: 2022-04-20

Moon Tech-M-310

Physical state/form : Liquid
Color : Colorless to yellowish
Odor : Mild. Amine. Ammonia like
pH : 11
Boiling point : 238°C at 760mmHg
Melting point : < -38°C
Flash point : 110°C (tag closed cup)
Ignition temperature : No data available
Oxidizing properties : No data available
Upper explosion limit : No data available
Lower explosion limit : No data available
Vapor pressure : No data available
Vapor density : No data available
Density/relative density : 0.947g/cm³
Solubility : React with water
Heat of combustion : No data available
Viscosity : No data available

10. STABILITY AND REACTIVITY

10.1 Overview

It is stored and handled in accordance with conventional industrial practices without harmful reactions.

10.2 Chemical stability: sensitive to humidity.

10.3 Reactivity

Conditions to avoid contact: incompatible materials, sources of ignition, excess heat, exposure to humid air.

Dangerous decomposition products: other decomposition products-no data available.

Dangerous aggregation: no data.

11. TOXICOLOGICAL INFORMATION

11.1 Routes of infection: inhalation, skin contact and ingestion.

11.2 Signs and symptoms of overexposure:

Harmful if inhaled. May be harmful if swallowed. Causes serious eye damage. May cause skin irritation. May cause an allergic skin reaction.

11.3 Acute toxicity:

Potential health effects

Inhalation Inhalation may be harmful. May cause respiratory irritation.

Ingestion Harmful if swallowed.

Skin May be harmful if absorbed through the skin. May cause skin irritation.

Eyes Cause eye irritation.

11.4 Chronic toxicity

Material Safety Data Sheet

Revision Date: 2022-04-20

Moon Tech-M-310

Organosilicon compounds are generally low in toxicity.

11.5 Other health hazard information

This material may liberate methanol in contact with moisture or humid air. Excessive methanol can cause blindness and nervous system effects.

12. ECOLOGICAL INFORMATION

12.1 Aquatic and Terrestrial Eco toxicity

Eco toxicity Effects:

Fish: No data available

Toxic to daphnia and other aquatic invertebrates: No data available

Alga(e): No data available

12.2 Persistence and Degradability Water:

This product hydrolyses in water or moist air, releasing methanol and organosilicons.

12.3 Bio accumulative Potential Bioaccumulation: No bioaccumulation potential.

12.4 Mobility in Soil: No data available

12.5 Additional Environmental Information:

Even in the case of professional handling or disposal, environmental hazards cannot be ruled out.

13. DISPOSAL CONSIDERATIONS

Product disposal:

Dispose of in accordance with local regulations.

Packaging disposal:

Dispose of in accordance with local regulations.

14. TRANSPORT INFORMATION

Dangerous goods category: None
UN No. (UN No.): None
Packing level: None
Official shipping name: None
Chemical name: None

15. REGULATORY INFORMATION

National and local regulations must be observed. For information on labeling, please refer to section 2 of this document. The Regulations for the Safe Administration of Hazardous Chemicals in the Work place(issued by Council of the PRC on February 16, 2011): Relevant provisions are made for the safe use, production, storage, transportation, loading and unloading of hazardous chemicals.

16. OTHER INFORMATION

Compiled by Anhui Moon Technology Co.,Ltd.

Indicates a Registered Trademark

The information provided in this Safety Data Sheet is based on good faith and considered that the data listed above is correct. However, no basis, express and implies were given, it's adjusted according to the requirements of different regions. Compliance with federal, national, provincial or local regulations is the responsibility of the buyer/user. The information listed here is only applicable to the transportation of the product. Due to the fact that the usage conditions of the product are not controlled by our company, users have the obligation to determine the necessary technology and conditions for the safe use of chemicals themselves. Due to the different sources of information, we cannot be responsible for MSDS from other channels. If you have obtained our MSDS from sources other than our company or are unsure that our MSDS is the current version, please contact our company to request it.
